

Proceeding of Research Extension meeting at KrishiVigyan Kendra, Jajpur

The Research Extension Linkage Meeting was conducted at KVK, Jajpur Barchana on **21.09.2017 (FN)**. Senior Scientist & Head KVK, Jajpur welcomed Deputy Director Of Agriculture, officers of line department, Senior Scientist from RRTTS, Ranital, entrepreneurs and farmers of five module villages.

Senior Scientist & Head presented technological interventions carried out by KVK for doubling of farmers income in five module villages. She requested the officers of line department to work in convergence mode for doubling of farmers income. She requested the members of house provide valuable suggestions for doubling farmers income.

Deputy Director of Agriculture, Jajpur . He advised farmers for soil testing and use of soil test based fertilizer and seed treatment, so as to reduce cost of cultivation. He emphasized for pulse, oilseed and high value crop cultivation. He emphasized on formation of farmers club and SHG group for better market linkage. He suggested for value addition in rice, greengram groundnut and in vegetables for fetching better market price. He also suggested the farmers to prepair small polytheneling pond in down side of the fields for rain water harvesting to provide irrigation to the crop in critical period. He also suggested farmers to store potato, tomato, during harvesting time in cold storage for getting better remuneration during scarcity period.

Assistant Horticulture officer, Barchana discussed about different schemes of horticultural department to the farmers.

Dr. Gouri Shankar Singh, Senior Scientist, RRTTS, Ranital suggested for organic farming to improve soil fertility status. He also suggested for green manuring, use of vermi compost and crop rotation. He advised farmers to go for integrated farming system for sustainable agriculture.

Farmers of Jari village told that the paddy variety -Luna Barial is in good condition. There is no irrigation facility in the village and marketing is also a big problem during harvesting

time. The farmers are interested for paddy straw mushroom cultivation. The house assured to provide mushroom spawn bottle.

The farmers of Sansailo village told that the paddy variety-Swarna is in good condition. They are interested for establishment of cool chamber in their locality for getting better price from vegetable cultivation. They were advised to take help of horticulture department.

The farmers of Dihakuransa village told that harvesting of paddy variety- Sahabhagi will be done shortly. He informed the house that in their village all the villagers have done soil testing.

The farmers of Khadipada village told that the paddy variety Swarna Sub-1is in good condition.

The farmers of Choromuha village told that the paddy variety –Swarna is in good condition.

Vote of thanks was given by Mrs. Babita Mishra, Scientist (Horticulture) at the end of meeting.

Submitted to Dean Extension Education, OUAT, Bhubaneswar for kind information
