

**Proceeding of Research Extension meeting at KrishiVigyan Kendra, Jajpur**

The 17<sup>th</sup> Research Extension Linkage Meeting was conducted at KVK, Jajpur Barchana on **22.11.2017 (FN)**. Welcome address was given by Senior Scientist & Head. She requested Deputy Director of Agriculture to chair the session.

Senior Scientist & Head discussed about the work done in five module villages in brief.

The house discussed regarding unnatural rain fall in the district and the present crop condition in the module villages. The paddy crop of village Khadipada block- Jajpur village-Jari block- Binjharpur, village- Sansailo block-Sukinda village- Choromuha block- Dharmasala is in logging condition. The water drainage from village –Khadipada and Jari is not possible. Therefore the farmers expressed the grievance.

Deputy Director of Agriculture, Jajpur told if the loss is 33% and above then only input subsidy Rs. 13,500/- per ha for irrigated condition can be given to the farmers. And Rs. 8,600/- per ha for non irrigated area. He also suggested going for second crops i.e blackgram, horse gram cultivation after the paddy crop or if irrigation facility is available then to do vegetable cultivation like pumkin and cucumber.

He also discussed about different schemes of Agriculture department. He also advised the farmers for construction of bore well and dug well in subsidy.

Deputy Director of Agriculture stressed on line sowing and line transplanting and narrated about its importance. Then he told about organic farming. He suggested farmers to go for second crop after paddy and doing some allied agriculture activities for doubling farmers income.

Plant Protection Officer, Jajpur suggested the farmers of Jari village to do sunflower cultivation as they have saline soil. He stressed on three things i.e seed treatment, summer ploughing, and to spray proper pesticide in proper dose.

DDM, NABARD discussed about area development scheme on diary and pisciculture in different blocks. AVAS, Barchana suggested for goatary.

Scientist of Associate Director of Research, Ranital suggested for pulse crop after paddy cultivation. .

Vote of thanks was given by Mrs. Dharitri Patra, Scientist (Home Sc.) at the end of meeting.

Submitted to Dean Extension Education, OUAT, Bhubaneswar for kind information
