

**Proceeding of 19<sup>th</sup> Research Extension & Entrepreneurs Linkage  
meeting at Krishi Vigyan Kendra, Jajpur**

The 19<sup>th</sup> Research Extension Linkage Meeting was conducted at KVK, Jajpur Barchana on **16.01.2018 (FN)**. Welcome address was given by Senior Scientist & Head. She requested Deputy Director of Agriculture to chair the session.

Senior Scientist & Head discussed about the work done in five module villages in brief and asked the farmers about the problems they are facing.

Mr. Laxmidhar Rout, farmers of village-Dihakuransa, Block-Rasulpur told groundnut crop is in good condition. He told about potato leaf curling problem. Mrs. Babita Mishra, Scientist(Horticulture) advised him to spray Mancozeb(Dithen-M-45)@ 3gm/lit. She also advised all farmers to do seed treatment before sowing.

Assistant Director of Horticulture advised the farmers for using neem oil and other organic products in vegetable.

Dr. Gourishanker Singh, Senior Scientist of RRTTS, Ranital also advised the farmers to use more organic products rather than chemical inputs.

Dr. Ananga Kumar Das, PA(Animal Sc.) narrated about the organic product preparation from agriculture waste and how to use it. He requested that each farmers needs to have compost pit in backyard which is very essential and helpful in agriculture.

He also advised farmers to prepare low cost poultry feed from waste of fish. He also narrated about the procedure of preparation.

Mr. Nabakishore Sahoo, farmer of village-Gopalpur told about his experience of using cow urine for pest control in paddy.

Deputy Director of Agriculture Jajpur advised the farmers for making compost pit. He also told the farmers to do paddy cultivation by line transplanting. He narrated the benefit of SRI method.

Soil Scientist of KVK & PPO Jajpur suggested the farmers to use less chemical fertilizer and pesticides and to add more organic products. Farmers were advised to go for vermicompost which will helpful for vegetable cultivation.

District Fishery Officer, Jajpur told about different new schemes of Fishery Department. He advised farmers having low land to go for pond and pisciculture for getting higher profit.

Vote of thanks was given by Mrs. Babita Misra, Scientist (Horticulture) at the end of meeting.

Submitted to Dean Extension Education, OUAT, Bhubaneswar for kind information
