As per the recommendation of house during the month of November in Dihakuransa village demonstration on tractor drawn seed cum fertilizer drill for sowing of groundnut seeds will be conducted on 19.11.2016.
4	Timely availability of seeds	The Groundnut seeds variety Devi (CS) has already been procured from OSSC, Bhubaneswar and distributed 3qtl groundnut seeds to the farmers on 28.10.2016. Sowing of seeds has been started w.e.f. 11.11.2016.
5.	Hon'ble Vice Chancellor suggested to take observation on growth performance of poultry variety "Palishree" in every month.	The average body weight at the age of 21 days(08.09.2016) was 300 gm. and average weight as on 15.11.2016 is 2.40kg . The weight gain is 2.10kg within 67 days
6.	Relating to mushroom production oyster mushroom spawn variety Hypsizygous ulmarius (50 nos.) will be distributed to the farmers.	

MODULE- II VILLAGE-CHOROMUHA ,BLOCK-DHARMASALA, DIST-JAJPUR		
Sl.No.	Recommendation	Action taken
1.	The house suggested for monitoring of paddy crop variety Bina and Swarna Sub-1 and its disease & pest incidence .	Field visit was conducted and Validamycin 2 lits has been distributed to the farmers and suggested to apply it @2ml/liters of water for control of sheath blight in paddy
2.	DDA & District level officers suggested for timely arrangement of seeds	Black gram seeds PU-31 was distributed to the farmers on 18.10.2016(50kg) Sowing was done from 25.10.2016 to 27.10.2016
3.	DDA & District level officers suggested for arranging planting material for Rabi crops.	Tomato seedlings Swarn Vijaya (5000nos) are already distributed among the farmers. Capsicum seedling (5000nos)will be distributed during last week of November
4.	Hon'ble Vice Chancellor suggested to take observation on growth performance of poultry variety "Palishree" chicks in every month.	The average body weight of poultry bird at the age of 21 days old (08.09.2016) was 300 gm and average weight as on 13.11.2016 is 1.60kg. The weight gain is 1.30kg within sixty-six days
MODULE-III,VILLAGE- KHADIPADA,BLOCK-JAJPUR,DIST-JAJPUR		
Sl.No	Recommendation	Action taken
1.	DDA & District level officers suggested for arranging planting material for pointed guard var. (Swarna Alukik).	Two hundred fifty nos of pointed gourd rooting vines has already procured and will be distributed. Capsicum var- California (5000nos)wonder sown on nursery bed for raising seedling. It will be distributed in last week of November. Onion var Agrifound light red (5000) seedling has been raised and it will be distributed in 2 nd week of December. Brinjal seeds and Okra seeds will be distributed in the month of January
2.	Hon'ble Vice Chancellor suggested to take observation on growth performance of Poultry bird variety "Palishree" in every month.	The average body weight at the age of 21 days old (08.09.2016) was 300 gm and average weight as on 15.11.2016 is 1.70kg. Net weight gain is 400gm within sixty seven days
3.	Timely availability of seed	Blackgram var. PU-31 has been procured and it will be distributed.

Suggestion from members present in the interface meeting regarding works in Module-I, Village-Dihakuransa , Block-Rasulpur, Dist- Jajpur

Farmers of Dihakuransa gave a positive remark on the paddy var. MTU-1010. They procured 10kg paddy from 25 m² land area. The yield was 40 qtl/ha, disease pest incidence was very low.

The farmers of Vill- Dihakuransa informed the house about the advantage of *Eichhornia crassipes* (Bilati dala) leaf feeding to the poultry. They told after feeding the leaf the bird has gained a body weight of 2.4 kg within 67 days.

CDVO, Jajpur suggested to test the significance of *Eichhornia crassipes* in case of other poultry breed **Rainbow rooster**. After knowing the advantage of Aseel chicks from Prog. Asst. (Veterinary Sc.) he also interested to produce Assel chicks in the Govt. Hatchery unit of Jajpur district.

District Agriculture Officer, Jajpu roadr suggested to solve all the problems related to the pointed gourd planting in farmers field. Sr. Scientist & Head informed the house about the training programme already conducted in the Module Villages on the production technique of pointed gourd cultivation.

Suggestion from members present in the interface meeting regarding works in Module-II, Village-Choromuha ,Block-Dharmasala, Dist-Jajpur

Farmers of Choromuha informed the house about the expected harvesting date of 25th November, for paddy var. Bina. The farmers expressed their satisfaction over the vegetative growth of the tomato var. Swarna Vijaya. They requested the house to solve the problem of monkey and other trace passer to protect their field.

CDVO, advised the farmers to use solar fencing to avoid these animals. The poultry grower also asked for better market linkage for their poultry bird. CDVO informed the house that chicken fresh center would be established at Jajpur town very soon. He also agreed to make a linkage with OPOLO FED for easy marketing of their produce. The Co-operative society Inspector of Jajpur district advised the farmers to form small animal society and described the detailed procedure as well as advantage of small animal society for benefit of the farmers.

DDA, CDVO, DAO Jajpur road suggested the house to make a joint visit programme for Nagada village and to work in a convergence mode for improving livelihood of Nagada villagers.

Prog Asst. (Veterinary Sc.) put a proposal for use of portable Ozone generator to disinfect the toxic water meant for poultry drinking in backyard. CDVO, Jajpur expressed his satisfaction on the proposal and interested to use this machinery for hatchery disinfection.

Suggestion from members present in the interface meeting regarding works in Module-III, Village- Khadipada,Block-Jajpur,Dist-Jajpur

Senior Scientist & Head informed the house that 50 kg blackgram seed var. PU-31 and 50 kg greengram var. TARM-1seed would be distributed to the farmers for demonstration after harvesting of paddy in the field.

Senior Scientist & Head informed the house about the procurement of pointed gourd planting materials for distribution to the farmers within 20th November 2016. Onion & Capsicum seedlings already raised in the nursery of KVK & will be distributed to the farmer within month of 15th December.

Field visit to the three villages is being done regularly for monitoring the progress.

Vote of thanks was given by Mrs. Babita Mishra, Scientist (Horticulture) at the end of meeting.

Submitted to Dean Extension Education, OUAT, Bhubaneswar for kind information.
